

## WIN THE FIRST GAME

Nationals Show Fine Form in Initial Contest.

## TROUNCE THE COLTS BY 7 TO 4

Burns, the Left-handed Pacific Coast Recruit, Makes Decided Impression by Work in Box—Melinke, Ganley, Milan, and McBride All in Line—Light-Catcher Street Looks Good.

Special to The Washington Herald.  
Galveston, Tex., March 3.—A really surprising quantity and quality of baseball was played to-day by the Washington Nationals and the Washington Colts in the first attempt at a game the Washington players have made in 1908.

The Regulars won by 7 to 4 in a contest that had all sorts of thrills, among them one-hand catches by Melinke, Ganley, and Milan, and that did not account for his good work.

He seems to have the goods all around, and Cantillon wore a constant grin of delight as the Pacific Coast twirler went through his curtained paces.

Burns pitched the first three innings for the Colts, and no runs were made in that time. He allowed three hits, two of which were the vicious scratches, and in the third inning fanned Falkenberg and Ganley in succession.

Wilson was pounded hard for the Colts, and the Regulars got five hits and six runs off him. Peterson is not as big as was reported, but is fairly large, and right-handed. He allowed the Regulars two hits in three innings and one run. He and Wilson are both very sure in all their muscles and could make little attempt at speed.

Falkenberg Hit Hard.  
Falkenberg's elongated, loose-jointed frame is naturally showing the effects of the three days' work-out, and he could do nothing but lob over straight ones. The Colts felt upon him for six hits and four runs, after which their cake was dough. Oberlin shut them out in his three rounds, and Tom Hughes gave them but one safety in his three.

Street got his right away with two shining two-baggers and had more power than any other man on the field. He did not risk any pegging to bases, but did enough throwing to demonstrate his ability to get the ball away quickly and accurately.

Picketing took the batting honors with two savage singles to the outfield and a neat, safe punt. McBride got a single in the last inning off Peterson and laid down a neat sacrifice that scored a run. He is fast in the field, and his error was due to trying to favor his arm in a quick throw.

Patten Serves as Umpire.  
Jack Warner and Case Patten arrived at the hotel this afternoon in a hack shortly before the game. They had dined along from New York, stopping over in Cleveland, and taking advantage of the liberties allowed tried and true veterans. They were excused from the proceedings to-day, but will be out to-morrow. Patten was pressed into service as umpire—and did nobly!

In the game to-day Altizer started the run-getting for the Regulars in the fourth inning. He walked, stole second, and scored to third when Charlie Street dropped Tony Smith's throw on Freeman's boulder. Street scored Altizer and Freeman with a double.

Ganley opened the fifth by beating a perfect punt, and scored on Picketing's single, and tallied on Clymer's double, which put Pick on third. Altizer's fielder's choice scored Pick and put Clymer on third, whence he came home on McBride's neat bouncer. Street doubled in the sixth, moved up on Oberlin's punt sacrifice, and scored from third when Milan made a startling catch of Ganley's fly. In the ninth round Clymer walked, stole second and third, and scored on McBride's single.

Milan started for the Colts by reaching first on Melinke's error in the opening round. Kay walked, and Keeley forced Milan to third. Shipke's double scored Kay and put Keeley on third. Tony Smith's line fly to right tallied Keeley and counted as a sacrifice under the new rules.

In the third inning Keeley singled, went to third on Shipke's double, and Tony Smith, and scored on Cates' long sacrifice fly to center. C. Smith sent home Shipke with a double.

The Score.

Score by innings:  
Regulars..... 0 0 2 1 0 0 1-7  
Colts..... 0 0 2 0 0 0 0-4

Earned runs—Regulars, 3; Colts, 2. First base by errors—Regulars, 3; Colts, 2. Left on bases—Regulars, 7; Colts, 8. First base on balls—Off Falkenberg, 1; off Oberlin, 2; off Peterson, 1. Innings pitched—All three apace. Hits made—Off Burns, 3; off Falkenberg, 6; off Wilson, 5; off Peterson, 2; off Hughes, 1. Struck out—By Burns, 2; by Wilson, 1; by Oberlin, 1; by Hughes, 2. Two-base hits—Street (2), C. Smith, Clymer, Shipke. Sacrifice hits—Ganley, McBride, Oberlin, T. Smith, Cates. Stolen bases—Picketing (2), Altizer, McBride. Double play—T. Smith to Cates to T. Smith. Hit by pitcher—By Peterson, 1. Umpire—Case Patten. Time of game—1:30. Attendance—783.

Ty Cobb Returns Home.  
Augusta, Ga., March 3.—Ty Cobb, not having heard from the Detroit club, left Augusta this afternoon for his home in Rosier, Ga., where he will remain quietly until something definite is done in the way of giving him a contract for the season. He has several splendid offers for outside work, but will probably await developments before taking final action.

## CONDENSED HISTORY OF THE PRIZE KING.

A condensed history of the prize ring champions is given below:

1793—Pig, who conducted boxing, sword, and wrestling contests at his theater in Oxford road.  
1793—Pipes, who was succeeded by Greeling.  
1793—George Taylor, champion of England.  
1793—Jack Broughton beat G. Taylor.  
1793—Jack "Slick" beat Broughton in Pegg's Theatre.  
1793—W. Stevens won from Slack, London.  
1793—G. Meggs beat Stevens, London.  
1793—W. Davis beat Meggs, Shepton Mallet, England.  
1793—Lyons beat Davis; retired afterward.  
1793—Pete Corcoran beat W. Davis, championship, at Epworth, Lancashire.  
1793—Harry Seller beat P. Corcoran, thirty-eight rounds.  
1793—Ben Bryan beat Johnson; retired afterward.  
1793—Dan Mendoza beat W. Ware, 30 guineas, twenty rounds.  
1793—John Jackson beat Mendoza, gave up title in 1801, and Jim Belcher succeeded him.  
1801—Pearce beat Belcher, 500 guineas, eighteen rounds. Pearce gave up his title in 1808.  
1808—Tom Cribb beat J. Belcher, thirty-five rounds, and title fifteen years.  
1808—Tom Spring beat John Langan; afterward retired.  
1808—Jim Ward beat T. Cannon, 55,000, ten rounds.  
1808—Deaf Beake claimed title on Ward's retirement.  
1808—W. Thompson (Bendigo) beat Burke.  
1808—Ben Cusack beat Nick Ward, thirty-five rounds.  
1808—Bendigo beat Cusack for championship, ninety-three rounds.  
1808—Taso Parker beat Ben Cusack, 300 a side.  
1808—Perry (Tipton Salter) claimed the championship.  
1808—Harry Broome beat Perry.  
1808—Sam Hurst beat Padock. Both claimed championship.  
1808—Jem Mac beat Hurst, eight rounds.  
1808—Mac beat Tom King for championship and belt.  
1808—King beat Mac, but afterward conceded Mac superiority.  
1808—Jem Mac beat Macdonald for the championship. Mac again claimed the championship belt.  
1808—Jem Mac fought a draw with Joe Goss.

## WILL DONOVAN REPEAT?

This Is Big Question Among Tigers and Thousands of Fans.

Hot Springs, March 3.—There is one big question in the Tiger camp. The same query is being put to a thousand and one fans every day all over the country:

"Will Wild Bill Donovan come back this year and repeat his performance of last season, when he won twenty-five games and lost but four? Just what Bill himself thinks about it might be interesting.

"A man has but one season like that in a lifetime," says Willy William. "Luck doesn't break with a fellow all the time, you know. As far as the strain goes, I don't think that will figure in condition alone means anything. I see no reason why I should not be as good this season as I was last. Luck figured in my record last year. Luck figured in every record a man makes on a ball field, and don't you forget it.

"I am as good now as I was any time last season, I think, as far as general condition goes; in fact, I think I'm a little better. I weigh twenty pounds more than I did last season, and feel much better. When I came to Hot Springs last year I had a sore arm, and it was not until the season was well on that my arm was really all right. Now I have no pain at all in my 'wing.'"

"They say that Young and Dineen and Mathewson and Bender and Plank and Altizer will have plenty of others didn't come back the year after they made big marks. I can't see the dope.

"Ty Cobb, Sam Crawford, good old Schaefer, Ross, in fact the whole team, did as much as I did in winning games, and if they repeat I guess I'll be able to hold my end up."

And after careful attention to see that he had given credit to everybody, Bill let "that smile" go the limit.

## BROWN BASEBALL SCHEDULE.

Attractive List of Dates Arranged for the Providence Team.

Providence, R. I., March 3.—The Brown University baseball management has announced a pretentious schedule for this season, which includes games with Harvard, Yale, Pennsylvania, and Michigan. The latter nine will play only one game in this section, and it is regarded as an honor to play one game with Harvard. Yale's place in the schedule for May 20, which is due to the fact that Yale and Princeton are scheduled for that day. The schedule follows:

May 2, Syracuse, at Providence; 4, Yale, at Providence; 7, Carleton, at Providence; 13, New York University, at Providence; 15, Williams, at Providence; 22, University of Pennsylvania, at Providence; 25, Colby, at Providence.  
May 2, Syracuse, at Providence; 4, Yale, at Providence; 7, Carleton, at Providence; 13, West Point, at Providence; 15, Bates, at Providence; 18, Syracuse, at Providence; 22, Williams, at Providence; 25, Harvard, at Providence.  
June 3, Harvard, at Cambridge; 6, University of Pennsylvania, at Providence; 10, Amherst, at Providence; 13, Amherst, at Providence; 15, Louisiana State, at Providence; 17, commencement day, Alumni vs. "Varsity."

## RACES FOR NAVY CREW.

Middies Eager to Test Skill Against the Best College Oarsmen.

Special to The Washington Herald.  
Annapolis, Md., March 3.—With the announcement that they will not be allowed to take part in the intercollegiate regatta at Annapolis next June, the management of the crew of the Naval Academy at Annapolis is busily making ready a programme of contests for the middies that will in part make up for their withdrawal from the regatta.

It is their intention to apply to Pennsylvania, Georgetown, and possibly Cornell for dual meets to be held on the Severn River course, and already the regatta is a well read and cultivated man, who speaks Russian, French, German, and English with almost equal fluency. He lived in Paris for about two years before going to England, which has been his home for several years. The "Russian Lion" is 5 feet 10 inches in height and weighs 200 pounds. His neck is phenomenally large, being twenty-two inches. His normal chest measurement is 45 inches, and his chest expanded 52 inches. Other figures show: Biceps, 17½ inches; forearm, 14 inches; thigh, 22½ inches; and calf, 17½ inches.

Gotch has not had the educational advantages enjoyed by his rival, as he was born on a farm, and when not engaged on the mat is himself a farmer, with a homestead just outside Humboldt, Iowa. He is taller than Hackenschmidt, being well over six feet, but this is a doubtful advantage in wrestling. He will give away from ten to fifteen pounds in weight, and physically will be inferior to Hackenschmidt in all points of important comparison. It is recognized, however, that in quickness and ring generalship he is at least the equal of the foreigner.

## GOLF CODE CLEARER

Revised Rules Will Simplify Playing of the Game.

## NO RADICAL CHANGES ASKED

W. F. Morgan, Secretary of the U. S. G. A., Makes Public the Recommendations Made to the St. Andrews Golf Club, Scotland, Last Fall—Etiquette Is Defined.

W. F. Morgan, secretary of the United States Golf Association, has made public the revised golf rules which were sent last fall to the committee of the St. Andrews Golf Club, Scotland, for action. The revised rules are a simplification of the old rules, and are intended to make the game more intelligible to the average player. The rules are as follows:

1. The designation of the teeing ground is slightly altered by the clause that it shall "include any rectangular space between such line (that indicated by two markers placed in a line nearly as possible at right angles to the line of play) and one two club lengths behind it."

Among the more important rules which have been slightly changed in wording, slight additions in some cases having been made to designate particular objects or obstructions, are:

The Revised Rules.  
Rule 6. In playing through the green a player, his partner, or either of their caddies shall not press down, remove, or displace any object, but, during warm-ups, mauls, or any loose impediment not more than a club length from the ball and not being in or touching a hazard may be removed without penalty. The penalty for a breach of this rule shall be the loss of the hole.

Rule 7. Any obstruction used for the upshot of the course, or for the convenience of the players, may be removed; if the ball be moved in so doing it shall be replaced, without penalty. A ball lying on or touching such obstruction or being unplayable by reason of inability to remove such obstruction, or lying on clothes, net, or ground under repair, or covered up, or opened for the upshot of the course, may be lifted and dropped, without penalty, as near as possible to the place where it lay, but not nearer the hole.

Rule 8. If a ball lie on or be lost in water or in a hole made by a burrowing animal, or in a hole made by a greenkeeper, may be lifted and dropped, without penalty, as near as possible to the place where it lay, but not nearer the hole.

Rule 9. If a ball lie on or be lost in water or in a hole made by a burrowing animal, or in a hole made by a greenkeeper, may be lifted and dropped, without penalty, as near as possible to the place where it lay, but not nearer the hole.

Rule 10. If a ball lie on or be lost in water or in a hole made by a burrowing animal, or in a hole made by a greenkeeper, may be lifted and dropped, without penalty, as near as possible to the place where it lay, but not nearer the hole.

Rule 11. If a ball lie on or be lost in water or in a hole made by a burrowing animal, or in a hole made by a greenkeeper, may be lifted and dropped, without penalty, as near as possible to the place where it lay, but not nearer the hole.

Rule 12. If a ball lie on or be lost in water or in a hole made by a burrowing animal, or in a hole made by a greenkeeper, may be lifted and dropped, without penalty, as near as possible to the place where it lay, but not nearer the hole.

Rule 13. If a ball lie on or be lost in water or in a hole made by a burrowing animal, or in a hole made by a greenkeeper, may be lifted and dropped, without penalty, as near as possible to the place where it lay, but not nearer the hole.

Rule 14. If a ball lie on or be lost in water or in a hole made by a burrowing animal, or in a hole made by a greenkeeper, may be lifted and dropped, without penalty, as near as possible to the place where it lay, but not nearer the hole.

Rule 15. If a ball lie on or be lost in water or in a hole made by a burrowing animal, or in a hole made by a greenkeeper, may be lifted and dropped, without penalty, as near as possible to the place where it lay, but not nearer the hole.

Rule 16. If a ball lie on or be lost in water or in a hole made by a burrowing animal, or in a hole made by a greenkeeper, may be lifted and dropped, without penalty, as near as possible to the place where it lay, but not nearer the hole.

Rule 17. If a ball lie on or be lost in water or in a hole made by a burrowing animal, or in a hole made by a greenkeeper, may be lifted and dropped, without penalty, as near as possible to the place where it lay, but not nearer the hole.

Rule 18. If a ball lie on or be lost in water or in a hole made by a burrowing animal, or in a hole made by a greenkeeper, may be lifted and dropped, without penalty, as near as possible to the place where it lay, but not nearer the hole.

Rule 19. If a ball lie on or be lost in water or in a hole made by a burrowing animal, or in a hole made by a greenkeeper, may be lifted and dropped, without penalty, as near as possible to the place where it lay, but not nearer the hole.

Rule 20. If a ball lie on or be lost in water or in a hole made by a burrowing animal, or in a hole made by a greenkeeper, may be lifted and dropped, without penalty, as near as possible to the place where it lay, but not nearer the hole.

Rule 21. If a ball lie on or be lost in water or in a hole made by a burrowing animal, or in a hole made by a greenkeeper, may be lifted and dropped, without penalty, as near as possible to the place where it lay, but not nearer the hole.

Rule 22. If a ball lie on or be lost in water or in a hole made by a burrowing animal, or in a hole made by a greenkeeper, may be lifted and dropped, without penalty, as near as possible to the place where it lay, but not nearer the hole.

## JAKE SCHAEFER TO RETIRE.

Veteran Billiardist Says He Will Play Only One More Match.

Philadelphia, March 3.—Jake Schaefer, the "wizard" at billiards, has announced that after his match with Willie Hoppe on Wednesday night at Chicago for the 181 style of billiard he will retire from championship matches.

For thirty-five long years Schaefer has been a champion at all styles of billiards. He has had an exceptionally long and markedly honorable career. He is about 65 years of age.

Schaefer is not going to quit the game altogether. His manager, Charles Tennes, has booked Jake and another expert of national reputation for a long exhibition tour that will end about May 1. A complete circuit of the East will be made.

"This strain of hitting on a billiard table nowadays, the uncertainty of the money, and my age are chiefly accountable for my decision," Schaefer said. "I am going to leave this struggle to younger men. I love the game, and like to play as well, if not better, than I ever did in my life. It is not the actual contest that I dread. It is the long practice, the physical exertion, that is so necessary now to get in proper condition."

"If I lose, Hoppe can rest assured that I will never bother him again for his emblem or his title. If I should be so fortunate as to defeat this really excellent young man, I will at once return the emblem to the donors and request that they arrange an open tournament to decide a new champion or relinquish the emblem to the first man who challenges for it."

## MIKE MURPHY TO COACH.

Pennsylvania Trainer Accepts Offer to Handle American Team.

Philadelphia, March 3.—Mike Murphy, coach of the University of Pennsylvania track team, the intercollegiate champions, wired last night to Julian Curtis, chairman of the Olympic committee, that he would consider the offer to coach the American Olympic team.

Telegrams, special delivery letters, and telephone calls kept the noted coach busy all day yesterday. They were messages of congratulation, and came from all parts of America, Canada, and several cities reached him from former pupils abroad.

Murphy is such a busy man that he replied as best he could and carried a bundle of letters home. He was particularly pleased with the hospitality of the other college trainers who wired him their best wishes.

Murphy said yesterday: "It is a wonderful thing and a big tribute to our American patriotism that our coaches should turn their men to championship class and then turn them over to another to go after the world's championship. I want to thank every coach in the country who sends a candidate for the Olympic team."

## NEW YORK TO GET REGATTA.

Harlem Course Favored for Annual National Event.

New York, March 3.—The next national regatta will probably be held on the Harlem River. At the annual meeting of the National Association of Amateur Oarsmen, to be held at the New York Athletic Club, Fifty-ninth street and Central Park South, Saturday evening, March 21, the committee from the Harlem Regatta Association will apply for recognition. It is probable that Saratoga and Washington will also apply for the event, and a movement has been started at Springfield, Mass., for the same purpose. Philadelphia will not be an applicant this year, as the regatta was held on the Schuylkill River last year. It is eight years since the regatta has been held in this city, and local oarsmen feel they play a sufficiently important part in national regatta to entitle them to favorable consideration on the subject.

New York has always been well represented at national regattas, invariably leading in this respect. While the Harlem River is not the most desirable course to hold a regatta, because of the narrowness of the river, there can be no objection to it on the part of the oarsmen in the East.

It is understood that New York will command a sufficient number of votes to secure the regatta for the next year. The regatta of the National Association of Amateur Oarsmen, was responsible for the placing of New York in line for the regatta. He will have the support of the regatta committee, Judge James G. Tiche, and J. O. Regan, while Philadelphia and Boston will probably throw their votes to New York.

Boston will apply for the regatta next year. The building of the retaining wall on the Charles River course regatta completed this year, which will give the city the finest still-water course in the country. It will be four miles long and sufficiently wide to start at least half a dozen eight-oared regattas. New York has four votes in the executive committee, Boston will require them next year, and in order to obtain them will likely work for New York. Philadelphia was awarded the regatta last year through the support of the New York representatives, and in return the latter expect to obtain the Quaker pledges for this year. With these three cities united, the vote will be a foregone conclusion.

## NEW YORK GETS TOURNEY.

Metropolis Selected as Place for Holding Bowling Meet.

Rochester, N. Y., March 3.—New York was awarded the next tournament of the National Bowling Association at the annual convention of that body yesterday, and John J. Clingen, of New York, was elected to succeed Frank M. Clute, of Buffalo, was chosen first vice president, for his second term, while James H. Pennington, of Wilmington, Del., as second vice president. Lester C. Stierman, of New Brunswick, N. J., as secretary, and Elmer E. Dungan, of Philadelphia, as treasurer, were re-elected.

Several amendments were proposed in the constitution, the most important being one increasing the board of governors to fifteen members instead of ten. The following were elected: William B. Mulford, J. H. Hardenbergh, and Charles P. Cohn, of New York; William Carden, of Brooklyn; John Grady and E. J. Kennedy, of Paterson, N. J.; William Kirk, of Wilmington, Del.; Lee R. Johns, of Newark, N. J.; Maj. W. W. Gage, of Rochester, N. Y.; John Keeler, of Albany, N. Y.; Emanuel G. Sargent, of Syracuse, N. Y.; E. Price, of Buffalo, N. Y.; Charles J. Hetzel, of Trenton, N. J.; Thomas F. Ryan, of Toronto, Canada, and John H. George, of Philadelphia, Pa.

The New York delegation pledged itself not to attempt to continue holding the tournament in New York, and promised to support any city that might make a proper request for the tournament in the following year.

## YOU GET THE FINEST OLD GLORY BEER

Dark Beer that perfect facilities and choicest materials are used in the brewing of "Old Glory." Properly aged always. On draught at all bars. In bottles, 2 dozen, \$3.25.

Prof. Phelps' remarks were applauded. All the Yale athletic captains were present at the banquet.

## ROUGH BASKET-BALL SCORED.

Yale Professor Fears That Indoor College Sport May Degrade.

New Haven, Conn., March 3.—Roughness in intercollegiate basketball and hockey was stoutly condemned at the annual banquet of the Yale Daily News yesterday by Prof. William Lynn Phelps, of the university.

"Too much indiscriminate roughness has crept into both these splendid sports," said he. "There is danger that basketball, as played in the intercollegiate field, may degenerate, and there is a tendency in that direction in hockey. I hope to see the unnecessary roughness promptly eliminated from both of them."

Prof. Phelps' remarks were applauded. All the Yale athletic captains were present at the banquet.

## congenial

often a party of congenial friends drop in for a little informal chat, perhaps it's damp and cheerless outside or the internal feeling of good fellowship needs a bit of bracing. you set out a bottle of mark rogers with a glow of pride—your friends will say more than once, "a little mark rogers, please," and will go away with that taste of rich, mellow whiskey tickling their palates. they'll not forget its fine flavor and your hospitality.
